DO I NEED TO HIRE A VA FULL TIME?

SE QLD VIRTUAL ASSISTANTS

The decision to hire a virtual assistant (VA) full-time depends on your business needs and the tasks you need them to perform. Here are a few factors to consider when making this decision:

VOLUME OF WORK

If you have a growing business with a large number of tasks and responsibilities, a full-time VA can provide significant benefits. They can help manage your workload, increase productivity, and free up your time to focus on other important aspects of your business.

COMPLEXITY OF TASKS

If the tasks you need help with are complex or require specialised knowledge, it may be more efficient to have a full-time VA who is fully dedicated to your business.

COST

Hiring a full-time VA can be more expensive than hiring someone on a part-time basis. You need to weigh the cost against the benefits of having a full-time VA.

LONG-TERM NEEDS

If you anticipate a consistent need for support in the long-term, it may be more efficient to hire a full-time VA.

Ultimately, the decision to hire a full-time VA should be based on your specific business needs and budget. If you're not sure, you could start with a part-time VA and then reassess your needs as your business grows.

OUR MODEL ALLOWS YOU TO START FROM AS LITTLE AS ONE DAY PER WEEK WITH A VA.

The workload can be tailored to the needs of the business and the VA can be hired for specific hours or days. It's important to communicate the expected workload and hours clearly with the VA, so everyone is on the same page.
